I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

# How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a child I had a family member who had a severe developmental disability, he required total care from birth. My family faced his intense care and medical needs needs with little more than family support. This family member has since passed away but the memory I have of my family caring for a loved one without support remains. I also worked for 7 years in the Regional Center system, where I was able to learn first hand how to coordinate services and asses clients needs. During my time with the Regional Center I had the privalage of working with hundreds of families and saw the impact services can have on someones life. Currently I have a family member on the spectrum and have seen first hand the difficulties families face when services and supports are not aquired in a timely manner.

#### What are your areas of interest in the developmental disability field and service system?:

My areas of interest in the field of developmental disabilities is to provide direct services to underserved communities and to advocate for equity in service aquisition. I am also a big believer in self determination and would love to see this option more widely used.

# Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I spent my childhood seeing the effects a lack of services had on my family. I have also experienced my family member not receving services in a timely manner and the effects this had on meeting their needs. The main reason I would like to serve on the State Council or the Regional Advisory committees is because I want to be an advocate for families like mine that have been not listened to for too long. I beleive strongly in the services offered to people with developmental disabilities by the state of CA and it would be an honor to give back to my community at this capacity.

## What strengths would you bring to the State Council and/or Regional Advisory Committee?:

The streangths I would bring to the State Council or the Regional Advosory Committee is that I have lived experience with loved ones with developmental disabilities. I also have 7 years of experience working at various Regional Centers and understand the service delivery models in place for those with developmental disabilities. I also believe in creating an optimal system for service aquisition for marginalized populations and in ending the desparity present in the current delivery system.

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

# How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a family advocate.

My older son displayed developmental delays, and with early-intervention resources, he bridged the gap to become "age-appropriate" by kindergarten.

My younger son (now 20) has a significant developmental disability(Autism) that impacts him in all areas of life, and will continue to do so throughout his lifetime.

I have worked to learn as much as possible, on an individual and broader/systemic basis, to help both my son, and others with developmental disabilities, achieve positive quality of life.

#### Some of my work includes:

- public speaking at a Regional Center program, and at a ground breaking event for an Autism school/center
- graduate of Partners in Policymaking 2009 (a program funded by a grant from the SCDD and other related entities)
- served on Area Board 10 which became the Los Angeles RAC, 2012-2017. Held the role of

Chairperson in 2015, as the Board transitioned to the RAC

- member of the SCDD Legislative and Public Policy Committee, 2013 2018
- ongoing and current attendance/participation in DD related seminars and programs to continue learning about various topics and resources.

#### What are your areas of interest in the developmental disability field and service system?:

I am interested in all areas of the DD field and service system. They are all important throughout the lifetime of individuals with developmental disabilities.

The assistance and resources needed start with early intervention, then progress to school-age issues, into adulthood and beyond.

Every area is important, including: early supports and resources, education, job training and programs, recreation, transportation, housing, health, home supports, and more.

It's about working to ensure those with developmental disabilities receive the supports and services they need, to bring them to their fullest potential, and achieve quality of life at all stages.

# Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I feel given my experience and passion in this area, I can be a positive factor in the DD system. I have a history of dedication and hard work both in personal endeavors, my profession, and public service.

I enjoy public service, and believe there is no more worthy area than our system and society pertaining to those with developmental disabilities.

# What strengths would you bring to the State Council and/or Regional Advisory Committee?: In addition to my personal experience with developmental disabilities, and the system in which we operate, I also have a broader view and awareness given my past volunteer work as noted above.

I have a 32 year professional career, with 25 years of those years in management, at a large company. With my extensive management experience, I have full awareness in considering all aspects of issues and programs including issue identification, research, proposals, budgeting, resources (people & other), management, monitoring, etc.

I am a strong positive communicator, and able to manage differing opinions, and complex situations, toward reaching resolution and moving forward in a productive fashion. I have managed many employees, and lead many projects, with very favorable outcomes.

Do you want to serve on a Regional Advisory Committee:

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am the parent of a young adult with a dual diagnosis of 22q11.2 Deletion Syndrome and Autism. My daughter was identified as having global developmental delays as an infant and received Regional Center services until she turned 3. From age three to 17 I navigated special education to ensure she was included and received a free and appropriate public education.

Just prior to turning 18, my daughter again qualified for Regional Center services under autism and fifth category. Currently, I provide support for my daughter by navigating her mental health services, Regional Center services, SSDI, Department of Rehabilitation services, disabled student services at the community college she attends, transportation coordination, medical care and more.

For five years I worked at the WarmLine Family Resource Center providing parent-to-parent support to families with children who have disabilities. I also coordinated events for WarmLine and conducted outreach and special education trainings.

I am finishing my second term serving on the SCDD Regional Advisory Committee, for which I am currently chair. I am also finishing my second term serving on the City of Sacramento's Disabilities Advisory Commission, for which I am also the chair.

I am also working with AbleLight Cornerstone advocating for affordable housing options in the Sacramento Region for those who have intellectual and development disabilities.

What are your areas of interest in the developmental disability field and service system?: Inclusion, affordable housing and safety.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I have enjoyed my time serving on the SCDD Regional Advisory Committee and look forward to learning more and continuing to have an impact on creating a culture of inclusion in the state of California.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: My experience detailed above. I also work in the communications field and have a proven record of community building.

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

## How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a child I had a family member who had a severe developmental disability, he required total care from birth. My family faced his intense care and medical needs needs with little more than family support. This family member has since passed away but the memory I have of my family caring for a loved one without support remains. I also worked for 7 years in the Regional Center system, where I was able to learn first hand how to coordinate services and asses clients needs. During my time with the Regional Center I had the privalage of working with hundreds of families and saw the impact services can have on someones life. Currently I have a family member on the spectrum and have seen first hand the difficulties families face when services and supports are not aquired in a timely manner.

### What are your areas of interest in the developmental disability field and service system?:

My areas of interest in the field of developmental disabilities is to provide direct services to underserved communities and to advocate for equity in service aquisition. I am also a big believer in self determination and would love to see this option more widely used.

## Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I spent my childhood seeing the effects a lack of services had on my family. I have also experienced my family member not receving services in a timely manner and the effects this had on meeting their needs. The main reason I would like to serve on the State Council or the Regional Advisory committees is because I want to be an advocate for families like mine that have been not listened to for too long. I beleive strongly in the services offered to people with developmental disabilities by the state of CA and it would be an honor to give back to my community at this capacity.

## What strengths would you bring to the State Council and/or Regional Advisory Committee?:

The streangths I would bring to the State Council or the Regional Advosory Committee is that I have lived experience with loved ones with developmental disabilities. I also have 7 years of experience working at various Regional Centers and understand the service delivery models in place for those with developmental disabilities. I also believe in creating an optimal system for service aquisition for marginalized populations and in ending the desparity present in the current delivery system.

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

Yes

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

having a daughter who is disabled and looked into what services were available at the time got my interest on working with the Intellectual disabled.

What are your areas of interest in the developmental disability field and service system?: getting more developmental disabled members into the community more. From recreation to job placement.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

With my knowledge and working in the developmental disability field just shy of 13 years and having a daughter who is disabled, I feel I can help contribute to the overall community with ideas and help bring those ideas and implementation to the council.

## What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I currently work in a adult day program as a program manager holding several positions prior as a job coach/mentor to also being a shop supervisor.

Race: decline

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council:

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a parent with two children having disabilities, I noticed how there was a lack in understanding how to meet the needs of many different types of individuals with disabilities. Applying this to a setting of all backgrounds.

## What are your areas of interest in the developmental disability field and service system?:

my interest is to bring an understanding of how services of all backgrounds must stay in compliance while serving individuals. Understanding how to meet the needs of underprivilege isolated, poverty-stricken individuals with disabilities. Understanding the systemic workings of how services impact all individuals with multiple disabilities. Understanding how children adolescents who are in juvenile detentions centers have a 90 percent rate of being locked up and how local resources play a role what we must do to understand this long-standing issue, putting children with low cognitive are not the right solution.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I would like to serve on the committee so I can bring new perspective on how we can move forward with the changing times so were better prepared in helping future generations and set a foundation to steer a new understanding in how to keep up with shifting advancement in ai culture change.

What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I have valuable insight as a parent with children with disabilities society treats you different and you can see people at their real nature. This has helped me to understand how to bring forward with more transparent, a lot of ideas that can be applied essentially to different areas that individuals with disabilities need services in.

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council:

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have two sons with autism. Advocating for their services and researching the condition, services, and treatments have brought many insights and understandings. I am also an instructional coach and see and assist many students and their teachers with recognizing and understanding the disabled. Mostly, I suggest people assume competence and remove limits by introducing accommodations and modifications. I am constantly surprised and encouraged by what I see my son and students accomplishing.

What are your areas of interest in the developmental disability field and service system?:

My children are autistic and I run a Facebook support group for Autism families in San Joaquin county. My children have had OT, Speech and ABA services. We are currently exploring adult services as they reach that stage.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I would like to serve on this council to share my experience of the services of VMRC from childhood diagnosis through adulthood. I would also like to share what's going on with my contacts in the autism community.

What strengths would you bring to the State Council and/or Regional Advisory Committee?: I am a good listener and communicator. I have ideas about what my children and the children of my friends have difficulty with and the needs that have been expressed to me. I also am good at connecting people with resources and hope to assist with this as well.

Name: REDACTED

Address: REDACTED

County of Residence: KINGS

Email: REDACTED Phone: REDACTED

Race: African-American

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability, representative of the general public

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council:

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I had to learn to become an advocate for my special needs child. In 2016, I started The Special Needs Support Group of Kings County which is currently known as Learn and Grow with Special Needs. I was formerly a district representative, but currently I'm serving as president of the C.A.C. of Kings County.

What are your areas of interest in the developmental disability field and service system?: Advocacy, education inclusion, community activities for kids with special needs, residential and community support, resources and training.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

The R.A.C. would provide a more direct access to State legislation as a source of information in order for me to better serve my special needs community by voicing their needs and concerns, thereby affecting real change.

#### What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I'm a tenacious advocate for my special needs community. This is demonstrated through being a liaison between parents and resources, coordinating events, fund raising, and forging relationships with county leaders and mental health professionals. I have established a Kings County support group for the past 5 years in which we had monthly guest speakers such as psychologists, attorneys, law enforcement, and various mental health professionals to aid us in our mission. In addition, I organized an annual Two-week Summer Day Camp of community activities for the special needs kids.

I acted as a liaison between parents and ABA service agencies directed by Taylor Gaines, such as Autism Learning Partners and FORWARD. My support group was approved by Todd Barlow (the superintendent of HJUSD) to deliver flyers to all 13 school districts that are inclusive of satellite, RSP, SDC and Special Education classrooms. My work in the CAC of Kings County where I'm currently the president of the C.A.C. and the District Representative for the Learn 4 Life charter school has enabled me to have a four-year relationship with Rebecca Jensen (Director of SELPA and Shelly Baird) and Mr. Jared Wood (Director of the CAC).

On 29 Feb 2020, I received the following awards for my contribution to the Special Needs Community: The Wanda Williams-Hinton Community Service Award, The California Legislature Assembly Certificate of Recognition from Rudy Salas (32nd District Assemblyman), Certificate of Special Congressional Recognition from T.J. Cox (Member of Congress) and State of California Senate Certificate of Recognition from Melissa Hurtado (14th Senate District).

Race: Asian, Indian

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council:

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have a child who was recently diagnosed with ASD. He is 4 years old. This led me to learn about his disability and all the related therapies and services that he could benefit from.

#### What are your areas of interest in the developmental disability field and service system?:

As stated above, I have a child who was diagnosed with ASD along with other related disabilities. Therefore I have interacted with a lot of different agencies/programs such as the Regional Center, Self-Determination Program, DDS (including ombudsperson), Medi-cal, IHSS, School District, etc. in advocating services for my child. I would like to help other parents with special needs children whether it be to help them with advocating for their child by understanding their rights, helping them complete the proper documentation (or even knowing where to start), or just listening to them.

Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

In order to get the services for my special needs child, I've had to struggle every step of the way. It has

been a very frustrating, long, and lonely process and I don't want other parents to feel the same way. Having said that, I am very fortunate in that I have an MBA, and can understand and/or navigate my way to the appropriate people/laws to get the services for my child, but many other parents are not that fortunate. I hope that by sharing my perspective/experience could help the State Council identify opportunities and/or learn about the barriers parents are facing. I hope to collaborate with the Council to bring changes needed in order to help parents with special needs children and/or adults with special needs.

#### What strengths would you bring to the State Council and/or Regional Advisory Committee?:

My experience/interactions with the many different agencies such as the Regional Center, Self-Determination Program, DDS (including ombudsperson), Medi-cal, IHSS, School District, etc. in advocating services for my child are the strengths I could bring to the RAC. I'm sure there is much more information that I need to and will learn as my child grows older, but I am willing to share my time and the information I have learned along the way. I believe having an actual parents perspective is valuable in knowing what's working and what's not working with the system.

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council: Yes, I want to apply to serve on the State Council

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

## How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I am a family advocate.

My older son displayed developmental delays, and with early-intervention resources, he bridged the gap to become "age-appropriate" by kindergarten.

My younger son (now 20) has a significant developmental disability(Autism) that impacts him in all areas of life, and will continue to do so throughout his lifetime.

I have worked to learn as much as possible, on an individual and broader/systemic basis, to help both my son, and others with developmental disabilities, achieve positive quality of life.

#### Some of my work includes:

- public speaking at a Regional Center program, and at a ground breaking event for an Autism school/center
- graduate of Partners in Policymaking 2009 (a program funded by a grant from the SCDD and other related entities)
- served on Area Board 10 which became the Los Angeles RAC, 2012-2017. Held the role of

Chairperson in 2015, as the Board transitioned to the RAC

- member of the SCDD Legislative and Public Policy Committee, 2013 2018
- ongoing and current attendance/participation in DD related seminars and programs to continue learning about various topics and resources.

#### What are your areas of interest in the developmental disability field and service system?:

I am interested in all areas of the DD field and service system. They are all important throughout the lifetime of individuals with developmental disabilities.

The assistance and resources needed start with early intervention, then progress to school-age issues, into adulthood and beyond.

Every area is important, including: early supports and resources, education, job training and programs, recreation, transportation, housing, health, home supports, and more.

It's about working to ensure those with developmental disabilities receive the supports and services they need, to bring them to their fullest potential, and achieve quality of life at all stages.

## Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I feel given my experience and passion in this area, I can be a positive factor in the DD system. I have a history of dedication and hard work both in personal endeavors, my profession, and public service.

I enjoy public service, and believe there is no more worthy area than our system and society pertaining to those with developmental disabilities.

# What strengths would you bring to the State Council and/or Regional Advisory Committee?: In addition to my personal experience with developmental disabilities, and the system in which we operate, I also have a broader view and awareness given my past volunteer work as noted above.

I have a 32 year professional career, with 25 years of those years in management, at a large company. With my extensive management experience, I have full awareness in considering all aspects of issues and programs including issue identification, research, proposals, budgeting, resources (people & other), management, monitoring, etc.

I am a strong positive communicator, and able to manage differing opinions, and complex situations, toward reaching resolution and moving forward in a productive fashion. I have managed many employees, and lead many projects, with very favorable outcomes.

I am a: parent, family member, legal guardian or conservator of a person with a developmental disability

Are you currently employed by, or a member of the governing board of an organization providing services to persons with developmental disabilities?:

No

Are you a member of a nongovernmental agency that does not receive regional center funding?

Do you want to serve on the State Council:

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I have twin boys who have autism and ADHD and who are served by Regional Center of Orange County. When we started our autism journey, I did not know anything about autism or how to access services for my boys. I did not have the money to hire advocates to do things for me so I had to just jump in and learn as much as I could so I could help my boys. I am grateful to all the parent support groups out there that helped me along the way. I have learned so much from other parents and by getting involved in at my Regional Center, Autism Speaks and other autism related organizations. For many years, I have attended the trainings of SCDD which were very helpful to me. Disability Rights CA was also a rich source of good information.

#### What are your areas of interest in the developmental disability field and service system?:

I am very interested in employment and disparity. I am involved in the Vietnamese autism community and see first hand the disparities in our community. I am also interested in employment because meaningful employment is important to independence and self esteem and autistic adults are really underemployed.

### Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I wish to serve on the Orange County Regional Advisory Committee because I am involved in the autism community and want to be in a position to communicate the widespread needs that I see to people who may be able to make systemic changes. I also really hope to see if there can be opportunities for creative partnerships between nonprofit, corporate and government.

#### What strengths would you bring to the State Council and/or Regional Advisory Committee?:

I currently serve on the Regional Center of Orange County's Self Determination Advisory Committee. I was Autism Speaks Volunteer Advocacy Ambassador to Congressman Harley Rouda and Senator Alex Padilla and am currently Autism Speaks Volunteer Advocacy Ambassador to Congresswoman Michelle Steel. I am on Autism Speaks OC Walk Committee which plans and runs our walk in Orange County every year. I also volunteer at OC Autism. My husband works at Boeing and I am involved with their disability group BEAAA. I am fortunate to be a stay at home parent which gives me the flexibility and time to be involved and give back to community.

**Do you want to serve on a Regional Advisory Committee:** Yes, I want to apply to serve on the Regional Advisory Committee

### How did your interest in, or knowledge of, the developmental disability field and service system develop?:

As a child I had a family member who had a severe developmental disability, he required total care from birth. My family faced his intense care and medical needs needs with little more than family support. This family member has since passed away but the memory I have of my family caring for a loved one without support remains. I also worked for 7 years in the Regional Center system, where I was able to learn first hand how to coordinate services and asses clients needs. During my time with the Regional Center I had the privalage of working with hundreds of families and saw the impact services can have on someones life. Currently I have a family member on the spectrum and have seen first hand the difficulties families face when services and supports are not aquired in a timely manner.

#### What are your areas of interest in the developmental disability field and service system?:

My areas of interest in the field of developmental disabilities is to provide direct services to underserved communities and to advocate for equity in service aquisition. I am also a big believer in self determination and would love to see this option more widely used.

## Please explain why you wish to serve on the State Council on Developmental Disabilities, or on one of its Regional Advisory Committees:

I spent my childhood seeing the effects a lack of services had on my family. I have also experienced my family member not receving services in a timely manner and the effects this had on meeting their needs. The main reason I would like to serve on the State Council or the Regional Advisory committees is because I want to be an advocate for families like mine that have been not listened to for too long. I beleive strongly in the services offered to people with developmental disabilities by the state of CA and it would be an honor to give back to my community at this capacity.

#### What strengths would you bring to the State Council and/or Regional Advisory Committee?:

The streangths I would bring to the State Council or the Regional Advosory Committee is that I have lived experience with loved ones with developmental disabilities. I also have 7 years of experience working at various Regional Centers and understand the service delivery models in place for those with developmental disabilities. I also believe in creating an optimal system for service aquisition for marginalized populations and in ending the desparity present in the current delivery system.

I am a: Employment Support Specialist for Futures Explored

Has Your Name Been Selected To Participate In The Roll Out Of The Self-Determination Program?

# How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I started in the field as a DSP supporting college students 7 years ago. I moved on to creating a customized employment training program and currently am developing a PCP employment path for students interested in working in the film and media industry.

#### What are your areas of interest in the developmental disability field and service system?:

I am interested in SD and how to support on the employment side of advocacy and community integration. I want to continue my advocacy work in the areas of public policy, employment equality and improved training for new DSP's to the field.

## Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

I have had many hours of training and actively put SD at the forefront of my support with students. I support in creating realistic plans, connecting students to supports in the community and advocating for equality in employment options within the film and media industry. I am looking for opportunities to continue my advocacy work and increase employment opportunities for our clients.

### How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My son Evan, age fourteen, has ASD, ADHD, hypotonia, and other related disabilities, and was diagnosed at just over two years old. Additionally, multiple male members of my husband's family and extended family are on the autism spectrum. Only the ones born post-1990 ever received a formal medical diagnosis, while generations of older family members clearly would have been diagnosed with it, had the diagnosis existed in previous decades. The effects have ranged from moderate impairment and specialized schooling, to adults being "bright" but unable to complete their education or hold a steady job, to extremely high-functioning individuals who nonetheless are unusually restricted in their interests, low noise tolerance, strong food and texture aversions, and so on.

My father-in-law, who shares many of these traits, is a screenwriter and he co-wrote the 1989 film "Parenthood", which is largely autobiographical, based on his life and the lives of some of these family members. A large part of that story concerns the worries and discussions of the parents (played by Steve Martin and Mary Steenburgen) as they deal with their young son with special needs -- a character who was based on my husband as a child. In a funny twist, my brother-in-law also ended up working as a writer on the television version of "Parenthood" several years ago.

Relatedly, both of my husband's paternal grandparents were legally blind since birth and they met while at a special high school for the blind in New York City in the 1940's. The stories about the lack of available supports for their low vision, and how that impacted their lives, jobs, educational options, attempted

eugenic constraints by doctors on whether or not they would have children, lack of adult housing options (even from family members who were landlords), and so on, had generational effects, and the stories continue to be told within the family to this day.

My husband and I and our two children lived in Los Angeles for many years, and we were clients at a Regional Center down there, before moving up to Marin county in 2013. This has given me a first-hand look at how wildly different each Regional Center can be in its approach to client outreach and services offered -- and unfortunately, a first-hand look at the problems of Golden Gate Regional Center, and how poorly they interact with their clients.

For example, I have, in past years, successfully busted GGRC to the state DDS with a 4731 complaint for their illegal behavior regarding the lack of any local social skills classes or training offered to their autistic clients, services which are explicitly mandated by the Lanterman Act. I've sat in with other families at their loved ones' IPP meetings at GGRC (at the families' requests) and I've seen how they are treated by the staff, and their valid concerns that never get resolved, and the toll it has taken on their health, both mental and physical.

I do not know a single person in my community who has children with special needs who has anything good to say about GGRC. Most of us would honestly rather avoid it at all costs because the constant gaslighting and ineptitude are just exhausting.

### What are your areas of interest in the developmental disability field and service system?:

The only reason I am now choosing to engage with Golden Gate Regional Center in any way at all is because I believe strongly in the promise of the new statewide Self-Determination Program. It is probably the single thing that would ever make me want to engage with the bureaucracy again -- because the new model of "the money follows the person, not the vendor(s)" is a huge step forward for individual autonomy, but also a way to avoid some of the ridiculous bureaucracy. At least, in theory.

And so it's really amazing to me to see how far behind GGRC is compared to almost every single other Regional Center in the entire state, with respect to enabling their clients to make use of SDP. It is currently February 2022, and as of now, the Regional Center has not even managed to update their website, just a single paragraph of text, to state that this great new program exists and is no longer in the pilot program phase and is open to any client who wants to sign up for it, even though the current wait times might be long.

Just to be clear, California's SDP law was passed in 2013, and the pilot program ended last summer. GGRC can't even be bothered to tell its clients on its own website that SDP is open to everyone and \*exists\* at all. And they certainly haven't spoken about it to their clients unless those clients happened to hear about it through a third party, such as Facebook -- as I did!

This is surely not what the California legislature intended when it passed the law, nor is it a good use of taxpayer funds to keep vulnerable people chained to the old money-flows-to-the-vendor model. It's also rather infuriating.

Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

My son is currently one of the \*only\* people out of the 9500+ people "served' by GGRC who is in the Self-Determination Program at all. That's because the number of families in SDP (at any stage of the process, not just receiving services) at GGRC is shockingly poor, one of the lowest rates of SDP participation in the entire state of California. We are currently six months and counting into trying to get our own fairly banal SDP situation off the ground, and even though our situation thankfully has relatively mild needs compared to other families, we still don't have a budget signed off by GGRC, I'm still constantly sending follow-up e-mails to try to move things along, I feel like I'm the one doing a lot of the education to my assigned social worker, and we're just endlessly waiting on GGRC to do their job.

Meanwhile, the bills roll in, and roll on.

I would like to join the GGRC Self-Determination Advisory Committee to represent the voices of the 9500+ families who are supposed to be served by GGRC, but less than 0.5% of whom have ever actually made it even to the very first footsteps into the Self-Determination Program at all.

If chosen to serve on the SDAC, I would like to concentrate on these areas right away:

- update the GGRC website immediately so that it is no longer giving misinformation about the existence of the SDP program
- plan a way to reach every one of the 9500+ GGRC families \*proactively\* to tell them that SDP exists, whether it is through a targeted mailing of a flyer, an e-mail, or a mandatory program that would have every social worker inform their clients and their clients' families at each and every IPP meeting
- have better transparency into how many families are signed up for SDP at GGRC, how man of those are actually receiving services, and how that stacks up relative to other RC's around the state -- including RC's of similar size and population composition, so we don't have to hear the old "well, every RC is different, and we're very small..." excuse again
- be prepared to take client and family concerns directly to the SDP Ombudsman regularly, rather than saying yes to every GGRC excuse for why things are the way they are
- spend at least some of the annual SDAC funding on actual clients and families \*first\* before handing out \$30,000 of it to a vendor who has not trained a single family receiving SDP yet, nor a doesn't-actually-exist-yet \$15,000 website that is supposed to help all the Regional Centers in the Bay Area implement SDP but which has no one actually building it or making use of the funds, which may or may not disappear next year if they're not spent yet, no one seems to know

After that, I'd like better monitoring and follow-up with families already in the SDP, before they mysteriously drop out of the program and lose their funding. But first, let's try getting real people signed up. Actual people, not just companies and vendors. You know, like the ones the Lanterman Act says GGRC is supposed to help.

I really look forward to hearing from these families, much more than the vendors or the GGRC staff, going forward, in every meeting and every vote. After all, it's our money.

How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My son, who is 10 years old, has Down's Syndrome and a whole host of medical issues. I have had to learn a lot about the medical field, insurance, therapy programs, county and state funding, and the San Mateo School District policies to guide him to date.

What are your areas of interest in the developmental disability field and service system?:

I would like to help in any way I can. I am an ex banker and so very comfortable with financial figures and raising money. However, I am willing to jump in where you need me.

Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

I just recently learned about this program and so I am still learning. I would like to learn more, but I like the concept and ideals behind it. I believe this type of program is in the best interest of disabled children and adults.

### How did your interest in, or knowledge of, the developmental disability field and service system develop?:

I began attending conferences and trainings when my daughter Sarah that has Down syndrome was born 11/26/2000. I have attended trainings regarding inclusion, education, Person-Centered Thinking, Self-Determination, independence, medical issues, etc. I learned that I needed to know the latest information to best support my daughter.

### What are your areas of interest in the developmental disability field and service system?:

As a dental hygienist I have always had a heart for my patients with special needs. I first focused on the dental needs of my patients. At the same time, I was learning more to support my daughter. In the past I focused on education of individuals with developmental disabilities related to education and curriculum especially reading. I presented trainings to local Down syndrome support groups and tutored children and teens.

Self-Determination was first introduced to me by the service coordinator at IRC years ago. Then I began learning about it at Club 21 a learning and resource center in Pasadena. When my daughter was chosen in the lottery, I was able to move her into the SDP program with the assistance of an Independent Facilitator. I decided to take additional training to support my daughter and the more I learned the more I was interested in not only helping her but other families with the Self-determination process.

Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

In one way I was introduced to Self-Determination by a judge at a Fair Hearing. My daughter was 6 years old. The judge stated that "the law states that parents should have the choice of how their Regional Funds are spent. It is just not implemented yet". This planted a seed and a new way of thinking. After attending the SD orientation, I realized it was a lot of information. I also went to meetings with Richard Rosenburg, (a Person-Centered Planner) and he was encouraging me to go through the process by myself. I did not really know where to start. I then learned from there were a few Independent Facilitators that could help me. After the Preplanning Person-Centered "Party" with a purpose I told my husband that I wanted to do this, I wanted to help others with this process of thinking. It was still confusing and as I walked through the process for my daughter, I began to understand the process and became excited with the possibilities. I took Orange County's SCDD's IF training and Guidelight Groups IF coaching programs to assist Sarah as she was entering SDP and eventually had the courage to assist friends with the process. SDP is an everchanging process. I continue to attend many additional meetings and trainings including the Advanced IF training with Autism Society of Los Angeles and was recently a panelist training other IFs and parents. I have been on panels for Disability Voices United's "All In" Conference March 21. I attend the SCDD IF Roundtable for Inland, the SDAC meetings for Inland and SGPRC. I am committed to the success of the Self-Determination program'. I have been concerned that the SDAC for Inland has never had a quorum to make any decisions. They also seem to have no plan to promote SDP. I want to attend meetings and assist with planning and making decisions with promoting SDP to the consumers and their families. I speak daily with families that had never heard of SDP from IRC staff or emails etc. This needs to change and there needs to be a collaboration with all pertinent agencies to assist families with learning about SDP and supporting them in the process.

### How did your interest in, or knowledge of, the developmental disability field and service system develop?:

My father was a teacher for the developmentally disabled and he taught students that were high school age. As a child I went to work with him while I was out of school during the summer months. I helped him with the students and I loved the fact I could help students with their math work because I had just learned the same math. As I got older I continued contact and in high school began working in the filed as a classroom assistant at St. Madeline Sophie's. I have learning disabilities and used services while in college. Today I stumbled across your web site in my search of funding resources for a participant that I've been assigned to work with.

### What are your areas of interest in the developmental disability field and service system?:

I am interested in numerous aspects related to this field. With dedicated and educated service providers (directors, facilitators, and facilitators) that many persons with disabilities can be trusted to make choices for themselves if they are appropriately and fully supported by the staff they work with to do so.

### Please describe any previous experience with Self-Determination and explain why you wish to serve on the Self-Determination Advisory Committee?:

Good Day. When I was in 6th grade I was tested for learning disabilities and starting that that year and every year after I had IEP's. I struggled to be successful in school and stopped attending in 12th grade believing I was stupid. In 2005 I met someone who worked in the field of developmentally disabled and was I encouraged to go back to school. In 2006, when I was 37 years old and I graduated from Julian

High School with a diploma. In 2009 I graduated from Grossmont College with an AA. In 2018 I graduated from San Diego State University in 2018 with a BA. Also In 2018 I was hired by a private company that has been contracted by the federal government to routine perform background investigations on it's employees. My long term goal was to become a POST certified investigator however my disability "profound hearing loss" prevented that from occurring. I starting looking at other types of investigator positions and saw that the state of California has an investigator position but to gualify on must have 18 months experience working in the field. I became a Community Facilitator and fell in love with this type of work. The participants I work with are hopeful but not very self confident and when they are told "No" we can't help pay for that." they blindly accept that answer and sadly turn away from their dream. This is the case for one participant who asked for \$250 to pay for a laptop so she could go to college. If I understand what I've read correctly, if she were a Self-Determination participant she would be able to request funding to help her achieve her goal to attend and graduate from a community college. I have over 2 years of experience serving as a Student Trustee for Grossmont Cuyamaca Community College District Governing Board, I served a year as Director of Publicity for Student Government and held committee meetings in accordance with the Brown Act and Roberts Rules of Order. I have no preconceived notions as to what the SDAC does and I'm not interested to change things or shake things up. What I'm interested to do is to engage in meaningful conversations with people that have years more experience than I do and learn bests ways to perhaps to develop an approach, or a methodology that will serve to gently empower developmental disabled individuals. First that they can respectfully appeal a decision that denies them funding that would help them achieve their goal, educate providers about Self-Determination option and when it is an appropriate option to explore. Even If I am not selected to serve I am very interested to receive information and keep up with progress this committee's progress. Thank you, Crystal Sudano
